

LEGACY PATHWAY

Place your footstep in history

The Cheyenne Mountain Heritage Center is offering the opportunity to celebrate the people in our lives by creating the **Legacy Pathway** within our own *Heritage Park*. The *Heritage Park*, located directly in front of the Cheyenne Mountain Heritage Center, will be a place to gather and share and reflect on our own personal history as well as the history of others in the area. The **Legacy Pathway** creates a record of those who have made the Cheyenne Mountain region their home. It leaves a lasting legacy carved in stone for community members to enjoy now and in the future.
